June 30, 2010

Dear President Anthony,

Thank you for your invitation to send our project information to members of the Oregon Branch of the International Dyslexia Association (ORBIDA). We are so excited about your support and interest in our current research titled, "*Adults with Dyslexia: Pathways to Success.*" As we discussed, this is the first nationally-based online survey of adults with dyslexia (21 years of age or older). Your members support will be an important element in accomplishing the goals of our research.

We believe that participants in this research can ultimately make a difference in the lives of adults with dyslexia. As you may recall, the goals of our research are to:

- To demystify adults' experiences with dyslexia.
- To bring validation and recognition to those who live with a learning difference that is prone to misunderstanding.
- To inform practice, policy, and future research on dyslexia.

We have developed a home webpage that includes an online survey link. Also included on the website is information about our previous research on adults with dyslexia and ongoing updates about how we are using the research to make a difference. We appreciate the offer to contact your members requesting their participation in taking the online survey. **The online survey can be reached through the following address:**

[www.successwithdyslexia.com](http://www.successwithdyslexia.com)

Please let us know if we can help in any way. If anyone would like to discuss the research further or comment on the website, please call us toll free at 1-877-261-9822.

We look forward to our research collaborations with the ORBIDA.

Cordially,

Blace A. Nalavany, PhD., LCSW
